

June 29th, 2009

To Whom It May Concern:

This is to confirm that Mr. Kakim Goh was assigned as a full-time consultant at Lantheus Medical Imaging Canada Inc. (formerly Bristol-Myers Squibb Medical Imaging) from January 7th, 2007 until June 30th, 2009.

Mr. Goh reported to the Business Unit Director at Montreal headquarters. As Procedural Document Coordinator, he worked with the Good Manufacturing Practices (GMP) and Quality Assurance Group to ensure that the company's Canadian Radiopharmacy Network Operations were in compliance with governmental and regulatory agency standards and guidelines.

Mr. Goh collaborated extensively in the training of Site Managers and personnel at our nationwide manufacturing sites, distribution center, customer service and IT department. He was also involved in projects for the International Radiopharmacy Network (IRN).

If you require further information, do not hesitate to contact the undersigned at (514) 333-4380.

Alexandre Dion
