Subject: Letter of Recommendation for Mr. Kakim Goh

To whom it may concern,

I'm pleased to provide this letter of recommendation for Mr. Kakim Goh, Curator at Festival Accès Asie, for his service as a lead volunteer Curator for the project "Mongolia, Land of Eternal Blue Sky" from September 2015 to May 2016.

Mr. Goh was in charge of organizing "Mongolia, Land of Eternal Blue Sky", a photography exhibition of Mongolian artist Bayar Balgantseren, which was presented for the first time in Montreal in March 2016, before embarking on a national tour across Canada.

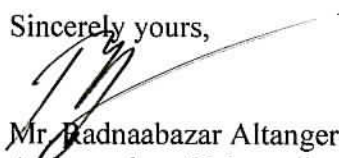

He directed his team of volunteers in the planning of the exhibition project and opening ceremony while collaborating extensively with the Embassy of Mongolia to Canada, the Mongolian Canadian Association and Monument-National.

In particular, Mr. Goh has shown great adaptability and assumed effective and discerning coordination between different organizations involved in this project from beginning to end of the project.

The project had an enormous success, with over 600 visitors at the opening ceremony, including numerous dignitaries and members of the Mongolian community from Montreal.

Finally, the benevolent attitude and the positive mindset that characterized an unwavering commitment of Mr. Goh during the collaboration of our two organizations are remarkable.

Sincerely yours,

Mr. Radnaabazar Altangerel
Ambassador of Mongolia to Canada
